Please fax or email back to us. We will e-mail you the confirmation.

We must receive the \$400 non-refundable locking and application fee after we confirm your lock-in request and before we can actually lock you the rate. The \$400 will be credited back as appraisal fee at closing. We have to receive all loan documents within two days after the rate lock. You can download the document list from our website at www.pingmortgage.com and click *Rate Lock-in*. Please notify us immediately if you have not already got the required document list.

If you have any question, please contact your loan officer directly or call our main office at 678-297-0666.
